To whom it may concern:

We would like to testify that Ms. LILIAN VIANA is one of the most accomplished Brazilians music performers in the United States for the past ten years. We had the opportunity to work several times with Miss Viana and it's our pleasure to assure her high level of artistry and stage professionalism.

She was a star in two editions of the Brazilian International Press Awards, the most prestigious Brazilian event in the United States. In fact, she was the main attraction at the very first of those events, in 1998, and as recently as 2004, she was again the main musical performer at the event.

Lilian Viana also was the special guest singer at the 4th Annual Miss Brasil-USA – 1995, a nationwide Brazilian cultural event, which took place at the Scala Miami in November 1995, also produced by our company.

Sincerely
